

Roman Blind Rear Cord Breakaway

Tulip Blinds
LOVE YOUR HOME

PARTCODE: RH471 CART QTY 250

- 1 Insert Breakaway with the open end of the hook facing upwards as shown in photo above.
- 2 Run cord through from spool ensuring that it only runs through the grommet section and not the hook or the loops in the tape.
- 3 On the last breakaway, loop the cord back over the grommet & tie off.
- 4 If preferred, instead of tying off the end you can fit our Safety Cord Adjuster.

PLEASE NOTE

This component has only been certified for use with roman blind tape as shown

Certificate Number ECL0214/0003
EN13120:A1:2014 Compliance instruction 2 Eclipse Rear Cord Breakaway
